ABOUT THE BIVONA CHILD ADVOCACY CENTER

Bivona provides a safe, welcoming place where children who have been sexually or physically abused can begin their journey of healing.

Before Bivona opened its doors in 2004, children and families with concerns of sexual abuse had to navigate through a maze of services—from the police station to the hospital to social services and back again, with each incidence often requiring a painful retelling of abuse—the result was more emotional distress for children and a devastating delay in the start of their recovery.

Bivona staff facilitate an under-one-roof collaboration of social and legal agencies to protect, treat and counsel child victims and their families, and to investigate and prosecute the abusers.

More than 1,000 children are helped each year.
