ABOUT THE CHILD ABUSE SUMMIT

The Child Abuse Summit is nationally recognized as the premier child abuse conference in the Northeast region. This cutting-edge multi-disciplinary training is a must for anyone who works with children including social workers, law enforcement, prosecutors, mental health and medical professionals, school personnel, day care providers, the faith-based community and more.

The speakers and workshops are presented by regional and national experts on a wide variety of topics. The goal of our Summit is to educate members of our community- and beyond- about collaborative ways to prevent, treat, and investigate child abuse.

“ We all can benefit from continuing education and having a thousand plus like-minded people in the same place is the perfect environment for learning and networking. Each workshop provided a different takeaway which I can use in my own career.”

“ I love The Summit because I get a breadth of experience in various topics from experts and professionals.”
